Budget stalemate continues

LANSING (AP) — Hours of closed door meetings and rare displays of public pressure on Thursday failed to resolve Michigan's state government budget crisis. Page A3

U.S. troop strength at record high in Iraq; moving higher

WASHINGTON (AP) — The number of U.S. troops in Iraq has climbed to a record high of 168,000 and is moving toward a peak of 172,000 in the coming weeks — a level that could extend into December, a senior military official said Thursday.

Maj. Gen. Richard Sherlock, director of operations for the Joint Chiefs of Staff, said the increase is the result of troops rotations, as several brigades overlap while they move in and out of the war zone. Previously officials had predicted the number could go up to about 171,000.

Employers cut payrolls by 4,000 in August, the first drop in U.S. jobs in 4 years

WASHINGTON (AP) — Employers sliced payrolls by 4,000 in August, the first drop in four years, a stark sign that a painful credit crunch that has unnerved Wall Street is putting a strain on the national economy. The report was much weaker than economists were expecting. They were forecasting payrolls to grow by 110,000.

Police to name missing girl's parents suspects

PORTIMAO, Portugal (AP) — The parents of a British girl who disappeared four months ago will be formally named as suspects by Portuguese police, a family friend said Friday, a shocking twist to a case that has drawn international attention.

Kate and Gerry McCann are both due to be questioned Friday over the disappearance of their 4-year-old daughter, Madeleine. Page A9.

Harbor teacher dies at 59

BY STEVE ZUCKER
NEWS-REVIEW STAFF WRITER

HARBOR SPRINGS — A "beloved and popular" teacher at Harbor Springs Middle School died while teaching on the second day of the new school year Thursday.

Harbor Springs Public Schools superintendent David Larson said middle school technology education teacher William "Bill" Miilu, 59, collapsed on the school's playground shortly after 1 p.m.

Miilu

Middle school principal Wil Cwikli said students immediately alerted other staff members who administered CPR. Paramedics from Allied EMS

Petoskey charter school hits mark

BY KRISTINA HUGHES
NEWS-REVIEW STAFF WRITER

Concord Academy of Petoskey received the fourth highest scores in the state on the Michigan Merit Exam.

"We're very excited that our students did so well, fourth in the state is something to be proud of," said Anne Scott, the assistant director of Concord Academy Petoskey. "We want the students to receive the recognition they deserve. We're proud of the students' excellent achievement."

Area juniors took the first Michigan Merit Exam last spring. The three part test replaced the MEAP (the Michigan Educational Assessment Program.) The exam includes the ACT, a nationally recognized college admittance exam, ACT Work Keys, a worker readiness assessment and the Michigan Merit test that includes components to assess Michigan curriculum not assessed by the ACT.

The test includes a college scholarship incentive. Students who meet or exceed standards on each of the tests may tap into nearly \$4,000 for college, if they maintain

Michigan Merit Exam Results

Area 2007 juniors took the first merit exam last spring. The exam is a multi-part test that includes ACT components and the Michigan Merit test which include Michigan components not assessed by the ACT.

	Math	Reading	Science	Social studies	Writing	English language
Concord Academy Petoskey	met / exceeded 84	95	74	95	72	89
Petoskey	not met 16	5	26	5	28	11
Concord Academy Boyne	met / exceeded 25	56	50	69	19	31
Boyne	not met 75	44	50	31	81	69
State Standards	met / exceeded 47	60	56	83	40	51
Standards	not met 53	40	68	17	60	49

a 2.5 grade point average in college.

Benjamin Jankens, the executive director of Concord Academy Petoskey, was more than pleased with the results. The students surpassed statewide scores, with 89 percent meeting or exceeding standards on the English language test, compared to 51 percent in the state, and 72 percent of students meeting and exceeding benchmarks for writing compared to 40

percent in the state.

Jankens believes the results show students are achieving in a nontraditional format.

"We truly believe in the integration of fine art and more of an individualized program for students fosters more creativity and ability to work on critical skills," Jankens said. "... The formula we have works. I think the test is a tes-

Harbor Springs man helps fight human trafficking in Ukraine

BY LOUISE NELLE
NEWS-REVIEW STAFF WRITER

HARBOR SPRINGS — When Jason Wisner went to Ukraine in June 2006 he did not intend to stay for very long.

"I went there really on a short-term mission trip," Wisner said. "I thought it would be a great opportunity and it was something that I always wanted to do."

As the son of full-time missionaries Janice and Dale Marcum, Wisner, 36, has missionary work in his blood. So perhaps it comes as no surprise that his short-term trip turned into a long-term trip as he followed in his parents' footsteps to become a full-time missionary.

Now, the former Harbor Springs resident lives in Transcarpathia — a southwest region of Ukraine — where he and his wife, Valeriia, work with the Committee for Sexual Protection of Children in Ukraine (CSPCU).

The committee is an organization dedicated to protecting chil-
